

Portrait Session Pricing

Creation Fees

My creation fees are charge by time and not number of poses. I don't believe that structuring our time together around a fixed number of poses is ideal for creating beautiful portraits. Most portrait sessions result in 2-3 poses per subject or group. Clothing changes are your choice; I recommend no more then 2-3 so that our time is best used capturing the images.

Creation Fee: \$75/hour (1 hour minimum) – studio or location shoot. (travel time charged at \$45/hr for locations outside of Duluth)

Single Corporate Headshot: \$50 (one background)
